 Month Day Year                      Month Day Year

**Water Access Policies and Promotion** (excluding restaurants, vending, concessions, stores)

*Complete this page at the end of your last day in the park*

<p><b>1. Is water consumption promoted? (mark all that apply)</b></p> <p><input type="checkbox"/> Yes, by parks</p> <p><input type="checkbox"/> Yes, by vendors (e.g. Aramark)</p> <p><input type="checkbox"/> Yes, by manufacturers (e.g. Coca Cola)</p> <p><input type="checkbox"/> No</p>
<p><b>2. Is water consumption promoted as a “healthy choice”? (mark all that apply)</b></p> <p><input type="checkbox"/> Yes, by parks</p> <p><input type="checkbox"/> Yes, by vendors (e.g. Aramark)</p> <p><input type="checkbox"/> Yes, by manufacturers (e.g. Coca Cola)</p> <p><input type="checkbox"/> No</p>
<p><b>3. Does the park have water containers available near water fountains or dispensers? (excluding restaurants/stores/concessions)</b></p> <p><input type="checkbox"/> Yes, for purchase</p> <p><input type="checkbox"/> Yes, for free</p> <p><input type="checkbox"/> No</p>
<p><b>4. Is there National Park Service (NPS) staff or volunteers in the main visitor center who can direct you to multiple water access points?</b></p> <p><input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>
<p><b>5. Is there a map available in the main visitor center that depicts water access points?</b></p> <p><input type="checkbox"/> Yes</p> <p><input type="checkbox"/> No</p>
<p><b>6. Please list the names and locations of any major (frequently visited, highlighted on maps or drives) sights or structures (e.g. scenic vistas, visitor centers, bathrooms, etc) that do NOT have any functioning water fountains or spigots.</b></p> <hr/> <hr/> <hr/> <hr/> <hr/>

**Instructions - Rating Drinking Water Sources:**

**ONLY survey water sources NOT inside of stores, restaurants and snack shops**

Sources of Free Drinking Water in Parks

WF = water fountain      WS= water spigot  
 WB = water bottle refill station      WC=water cooler

(Circle or list appropriate information for each source of free drinking water)

Type of source	Date	Time	Operating?	3 oz. filling time	Temp	Photo	In/Out	Appearance of Device	Relative Accessibility	Proximity (<20ft)	GPS Coordinates, Location Descrip. & Comments
1. WF WS WB WC			Yes No			<input type="checkbox"/>	Inside Outside	Satisfactory Visible Dirt /Rust Not draining Otherwise unappealing	Visitors Center Campground Trail Scenic vista Other populous area	Vending Bathroom Building N/A	
2. WF WS WB WC			Yes No			<input type="checkbox"/>	Inside Outside	Satisfactory Visible Dirt /Rust Not draining Otherwise unappealing	Visitors Center Campground Trail Scenic vista Other populous area	Vending Bathroom Building N/A	

Circle type of source: Water fountain (WF), water bottle refill station (WB), water spigot (WS), or water cooler (WC)

Date of evaluation: Please write the date that the rater completes the evaluation (ex: 9/10/2011)

Time of evaluation: Please write the time, including am/pm that the rater starts the measurement (e.g. 1:00pm, 10:15am)

Operating: Please circle yes if the source is functioning at the time of rating, or no if the source is not functioning (i.e. water comes out of the source when button/switch pressed)

3 ounce filling time: Please indicate the amount of time (in seconds) it takes to fill a 3 ounce cup. If a 3 ounce cup is not available, please use a graduated cup with a 3 ounce hash mark. For this measure, it helps to have two people (one timer, and one cup filler) – though possible with one person. Please round up/down to the nearest whole number, as appropriate.

Temperature: Using a water thermometer (please note, a human thermometer will not work because it does not measure below 94° Fahrenheit), measure the temperature of the water that is in the 3 ounce cup, immediately after filling it.

Photo: Check the box if a photograph (time and date stamped) was taken.

In/Out: Please circle whether the drinking water device is inside or outside

Appearance of device: Circle the responses that best describe the appearance of the drinking water device (e.g. water fountain). If the appearance is satisfactory, circle that response only. If the appearance is unsatisfactory, circle any of the following that apply: Visible dirt/rust, Not draining, or Otherwise unappealing (ex: filled with garbage or moldy).

Relative Accessibility: Assess whether the water source is near (within 100 feet or 1/3 of a football field) any of the following, then circle whether any of the following apply: Campground, Trail, Scenic Vista, Picnic area or Other populous area (where visitors frequent).

Proximity: Circle whether the water source is within 30 feet of: Vending machines, Bathrooms, another Building (any type) or None of the above (N/A)

Comments: Please list GPS coordinates, if possible, then write any comments about the function, location, accessibility or performance of this water source
